

Office 16'

The Perfect Work-From-Home Setup

Special Features:

- LED Night Light
- Ceiling Fan
- Insulation Upgrade
- AC Unit

The Office 16' model provides a quiet, dedicated workspace separate from the distractions of the main house, making it ideal for remote work, running a business, or anyone who needs a comfortable private office. Three 6-ft bay windows bring in abundant natural light, while the wood interior creates a warm, clean, and professional atmosphere.

Built on our custom in-house steel trailer for strength, balance, and long-term durability, the 16' Office is fully NOAH certified, meeting nationally recognized safety and construction standards while remaining fully towable and easy to deliver.
